Dear Dr. Joseph,

I wanted to write you to express my thanks for your skill and professionalism during my surgical procedure. The medical staff treated me in an incredible manner and I felt very comfortable.

Your surgical technique resulted in a great result and the healing time was very rapid as well.

I have had many unsolicited comments on how my eyes look and I wish I had done this procedure sooner!

I would unequivocally recommend you for any ophthalmic plastic surgery and, in fact, have already referred several patients.

Thank you again for your great skill and excellent communication.

Sincerely,

Bryan R. Rogers, PA-C, MPH, MBA, FACHE
